Outdoor Advertising

*“Your gateway to advertising
Connecting your business to the masses*

Source Vert will also offer advertising app and website that allows local businesses to place ads for free.

Source Vert is in its venture capital stage and seeks to get the business into the market. The business if successful will scale into other parts of the world.

We will not advertise on homes that are on Leases and rentals, nor homes in cities with bylaws that would prohibit billboard advertising.

Our service range includes a wide range of Advertising,

- I. Car advertising printing service
- II. Media Car Add Service
- III. Car Display Advertisement
- IV. Private Car Advertising Service
- V. And Mobile Vans.

Who can benefit from this?

- Anyone with a home with great traffic movement
- Vehicles owners that travel a lot
- Land owners where the land is in a high traffic zone

How will we contribute to the Community through this project?

- Job creation for printers and designers
- Work creation for developers
- Work for technical billboard installers
- Agents that will be on the lookout for create places to place our adverts

Our Stakeholders

We looking to work closely with a number of partners in building a positive, unified South Africa; one that builds, promotes investment, tourism and helps new enterprises and job creation. We are proud to support, and hope to be supported by other private and public institutions.
